Guardian Angel is a digital wireless RF Locator designed to protect your family. The Tags can be attached to children, pets, cell phones, and other valuables. One Base can control up to four Tags (Two Tags Included in this package). The maximum line-of-sight search range is 1,600 feet (*See Specifications). The 95dB Alarm can be set to trigger at variable distances (Approximately 32 feet, 64 feet (factory preset), or 160 feet). The Alarm can be turned off when desired. A Panic button on the tag can be used to call the base if necessary. Guardian Angel is CE and FCC compliant.

Key Features

- Works indoors and outdoors (Unlike GPS Devices, which only work when the device can “see” the sky.)
- Light weight and easy to use
- No assembly or installation needed
- Safe 2.4GHz RF technology
- One Base can control up to four tags (two tags included in this package)
- Alarm can be set to trigger at variable distances from approximately 16 feet, 32 feet, or 64 feet
- 1,600 feet search radius (*Distance will vary depending on terrain and other factors.)
- The Base is equipped with a direction indicator to speed the search
- Alert modes 95 dB Alarm and/or vibration
- Tags can transmit a Panic/Stress alert to the Base
